

## Cabinet U-Handles

Stainless Steel, Tall Design

### SPECIFICATION

#### Stainless steel AISI 303 NI

- Matte shot-blasted finish **GS**
- Powder coated  
Black, RAL 9005, textured finish **SW**

### INFORMATION

Cabinet U-handles GN 435, tall design, are made from bent round profiles and are designed for applications requiring more height for gripping. For example, this makes it possible to grab or hold the handle while wearing safety gloves. Some dimensions also satisfy the crane access standard DIN EN 13856.

In addition to serving as a handle, it can also be used as a hose guide, retaining bracket or the like.

### ACCESSORY

- GN 181 Fastening Sets (Mounting from the Operator's Side) (see page 488)
