### INFORMATION

Reference flanges GN 723.3 are used together with control knobs GN 723.4 (see page 604) which offer the following advantages:

- they have a reference mark to line up with the control knob scale,
- they offer additional support for the control shaft,
- the version with friction ring prevents an unexpected movement of the control knob by vibration.

### TECHNICAL INFORMATION

- ISO-Fundamental Tolerances (see page A21)
- Plastic Characteristics (see page A2)
