

Latches – Types

Latches 13

Standard	Latch type		Housing form	Activation methods		
GN 115 see page 1462 Latches Zinc die casting, Locating ring chrome-plated or black plastic coated, Latch steel						
GN 115 see page 1462 Latches Stainless Steel						
 GN 115 see page 1471 Latches Stainless Steel, Hygienic version						
 GN 115.7 see page 1472 Latches with cabinet „U“ handle Zinc die casting, Latch steel						
GN 115.8 see page 1474 Hook-type latches Zinc die casting, Locating ring chrome-plated or black plastic coated, Hook latch Steel, zinc plated						
GN 115.9 see page 1477 Latches with safety function Zinc die casting, Locating ring black plastic coated, Latch steel						

Latches – Types

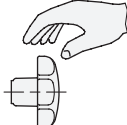

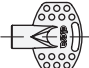

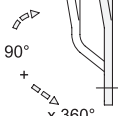

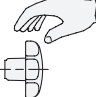

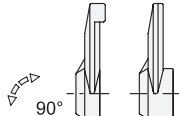

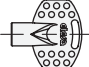

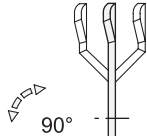

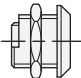

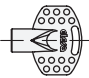

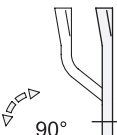

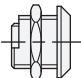

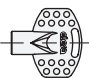

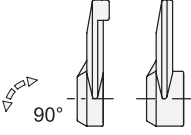

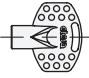

Standard	Latch type	Housing form	Activation methods
CMT.AE-V0 see page 1480 Lever latches with fold-away knob Technopolymer			
CM. see page 1481 Compression latches with key-type knob Zinc alloy			
GN 119 see page 1482 Latches Zinc die casting, chrome-plated, Cam latch steel			
GN 119 see page 1482 Latches Stainless Steel			
 GN 119.3 see page 1484 Latches with cabinet „U“ handle Zinc die casting, black or silver plastic coated, Cam latch steel			
GN 117 see page 1488 Latches Steel			

Latches – Types

Latches 13

Standard	Latch type	Housing form	Activation methods
VCK see page 1490 Cam latches with knob Duroplast, steel or stainless steel cam 	 		
BOCK see page 1492 Cam latches with key Steel or stainless steel cam 	 		
GN 116.1 see page 1494 Rotary clamping latches Zinc die casting, Locating ring black plastic coated, Latch steel	 		 
CQT.AE-V0 see page 1496 Lever latches with recessed key, technopolymer	 		
CQ. see page 1497 Lever latches with recessed key, zinc alloy	 		
CQ.SST see page 1498 Lever latches with recessed key, stainless steel	 		
CQT.FM-AE-V0 see page 1499 Lever latches with key Quick-assembly, self-extinguishing technopolymer	 		

Latches – Types

Standard	Latch type	Housing form	Activation methods
CQT.FM-CR see page 1500 Lever latches with key Quick-assembly, technopolymer	 		
CQTF.FM-AE-VO see page 1501 Lever latches with key Quick-assembly, technopolymer	 		
CQTL.FM see page 1502 Lever latches with key Quick-assembly, technopolymer	 		
CSL.FM see page 1503 Lever latches with key Lock, technopolymer and zinc alloy	 		
GN 115.1 see page 1504 Mini-Latches Zinc die casting, chrome-plated, Latch steel	 		 
GN 115.6 see page 1505 Mini-Latches Stainless Steel	 		 
ELCK see page 1506 Lever latches with key Operation with lever, technopolymer	 		

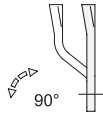

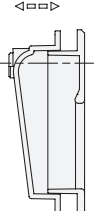

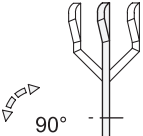

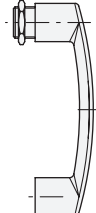

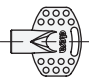

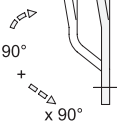

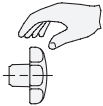

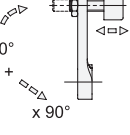

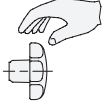

Latches – Types

Latches 13

Standard	Latch type	Housing form	Activation methods
VC.308 - VC. 309 see page 1508 Lever latches with lock, technopolymer knob	90°		
CS-RPR. see page 1509 Lever latches with key Programmable lock, steel	90°		
CS. see page 1510 Lever latches with key Lock, zinc alloy	90°		
CSMT. see page 1511 Lever latches with T-Handle Operation with key, technopolymer	90°		
CSMT-A see page 1512 Lever latches with T-Handle Operation with key, anti-rotation device, technopolymer	90°		
CSM. see page 1513 Lever latches with T-Handle Operation with key, technopolymer	90°		
CX. see page 1514 Lever latches with key Safety lock, zinc alloy	90°		

Latches – Types

Standard	Latch type	Housing form	Activation methods
GN 115.10 see page 1527 Latches with gripping tray Zinc die casting / Plastic, Latch steel, Clamp-mounted	 		
EBP-CH see page 1534 Handles with latch Technopolymer	 		
GN 516 see page 1542 Rotary clamping latches Zinc die casting Locating ring black plastic coated, Latch steel	 		 
GN 516.1 see page 1544 Rotary clamping latches Zinc die casting, Locating ring black plastic coated, Adjustable latch Zinc die casting	 		 
GN 516.5 see page 1546 Rotary clamping latches Stainless Steel
